

Velocity Structured Solutions Overview

Velocity Structured Solutions (“VSS”), which has assets under management approaching \$1.5 billion, provides cost-effective, long-term capital to help sponsors of any fund type or sector enhance returns, optimize portfolio company balance sheets, or create liquidity for growth, succession planning or distributions. Capital solutions consist of highly-customized, non-dilutive debt and preferred equity financing for a variety of alternative asset managers, including private equity funds, fund of funds, growth capital, hedge funds, venture capital, real estate, and credit-oriented strategies. VSS financings are typically cross-collateralized by fund net asset value (“NAV”) or management company key assets, not uncalled limited partners interests. VSS is based in New York City with offices in Los Angeles and Dallas. For more information, visit velocitycapllc.com.

Purpose and Job Summary

VSS is seeking associate-level individuals to join our fast-growing fund finance team. The associate will be a critical member of the team, assisting with the financial analysis, modeling, research, deal structuring and other diligence functions necessary to effectively screen, underwrite, close, and manage new investments. The associate will also assist with portfolio monitoring and other administrative tasks as needed. VSS has an inclusive and empowered culture, and ideally candidates will possess the capability and potential to progress over time to the most senior positions in the firm.

Duties and Responsibilities

- Support screening and underwriting new investments (financial modeling, investment research, credit / financial analysis, preparation of investment memos)
- Assist with monitoring of portfolio accounts (update monitoring spreadsheets, track financial performance, company / industry research, maintain deal files)
- Perform other projects and duties as assigned

Required Education, Experience, and Skills

- Bachelor’s degree from accredited four-year university
- 1-2 years of relevant corporate finance, accounting or analytical experience, preferably in a bank, investment or other financial services environment
- Intellectual curiosity and breadth of interest
- Outstanding professional character (attitude, work ethic, integrity)
- Team player – collaborates effectively across all levels of the organization
- Excellent interpersonal and organizational skills – able to engage with senior personnel in a clear and concise manner, manage a wide variety of responsibilities efficiently, and meet deadlines without compromising quality or accuracy
- Strong written and verbal communication skills
- Critical, rigorous and well-developed analytical skills and attention to detail
- Proficient in Microsoft Office (Excel, Word, PowerPoint) and relevant databases

Location

New York Tri-State candidates (or those willing to relocate) that can commute to New York City are preferred, but based on individual experience and skill set, VSS would be open to candidates located in other geographies.

To Apply

Send resume (PDF Format) to rkilborn@velocitycapllc.com. Candidates may include an optional cover letter that provides an overview of their background and interest in VSS.

VSS is an equal opportunity employer. All candidates will receive consideration for employment without regard to race, color, religion, sex, national origin, age, disability, genetic information, sexual orientation, gender identity or expression, pregnancy, veteran or other status protected by law. VSS makes hiring decisions based solely on job requirements, individual qualifications, merit, and business needs at the time.
