In the event the sponsor cancels all or part of the sponsorship contracted, the sponsor shall pay the FFA a fee (the Cancellation Fee), equal to all monies due. Any Cancellation Fee is due at the time of cancellation. A payment to the FFA under this contract shall be deemed fully earned and non-refundable.

The data in the FFA's registration list(s) is proprietary to the FFA and may not be resold. This information may be provided to you as part of your sponsorship agreement (excluding contact details). The Fund Finance Association (FFA) is a non-profit industry association in the fund finance market, co-located in New York and Charlotte, North Carolina.

Our core mission is to:

- Educate members, legislators, regulators, and other constituencies about the fund finance market and related capital markets through conferences and other events.
- Build the broadest consensus among members on policy, legal regulatory and other matters affecting or potentially affecting the fund finance market and related capital markets.
- Advocate on behalf of the fund finance industry with respect to policy, legal, regulatory and other matters affecting or potentially affecting the fund finance market and related capital markets.

The Annual Global, European, and Asia-Pacific Fund Finance Symposiums are the premier Fund Finance events.

The FFA sought out experts in the subscription credit facility and fund finance space to address many of the key developments and trends in the market. The organization is comprised of a committee of well-respected Banking and Finance professionals who specialize in fund finance. The conference was made possible due to the dedication of this group.
